NIST-Guest Wireless Network

- NIST-Guest is broadcasted; Use this network to connect your device.
    1. Connect wirelessly to SSID: NIST-Guest
    2. Open your browser, as needed.
    3. If using iOS (iPhones and iPads), access a web page that **does not use https://** to get to the Access and Use Policy.
    4. If using Android devices, a web page will automatically open with the Access and Use Policy.

- Review the complete Access and Use Policy by scrolling to the bottom of the Window. Acknowledge that you agree to the terms identified by selecting ACCEPT.

- Device access will be blocked if (1) it is a NIST-owned device; (2) malware or other malicious activity is detected; or (3) inappropriate online behavior is detected.

For more information, see:
