

Call for Presentations

FISSEA 29th Annual Conference

March 15 - 16, 2016

National Institute of Standards and Technology, Gaithersburg, Maryland

The Quest for the Un-hackable Human: The Power of Cybersecurity Awareness and Training

NOW ACCEPTING SUBMISSIONS

The Federal Information Systems Security Educators' Association (FISSEA), founded in 1987, is an organization run by and for information systems security professionals to assist federal agencies in meeting their information systems security awareness, training, education, and certification responsibilities.

FISSEA is seeking presentations for the 2016 Annual Conference. Join us and share your expertise with a highly motivated professional audience from government, industry, and academia. We encourage you to address all aspects of information security but to focus on the awareness and training aspect.

Topics of interest:

- New Techniques for Developing and Conducting Effective, Meaningful Training
- FISSEA Core issues – Awareness, Training, Education, Certification
- Security Ramifications of the Internet of Things (IoT) – Training focus
- Mobility
- Supply Chain
- Cybersecurity Governance (Modernization Act 2014)
- Cost- Effective Practices
- Awareness Ideas, Resources, Contacts
- IG Panel – IG Reporting Instructions
- Workforce Development
- Free Resources – What's Available
- Phishing
- Continuous Diagnostics

FISSEA invites proposals for Panel Discussions, Topic Sessions, and the Pecha Kucha (Lightning Round). Please keep in mind that sessions are not marketing opportunities, thus corporate marketing materials are not permitted during the sessions. A Vendor/ Federal Agency Exhibition is planned for March 16th.

Submission Deadline: January 4, 2016

Email submission form to fissea2016call@nist.gov
FISSEA website: <http://csrc.nist.gov/fissea>

Security Contests and Educator of the Year

FISSEA conferences highlight all entries received in our security contest. Categories include poster, motivational item, website, newsletter, and role-based training & education skills that you use as a part of your Security program. The FISSEA Educator of the Year Award was established to recognize and honor a contemporary who is making special efforts to create, build, manage, or inspire an information systems security awareness, training, or education program. We hope you consider submitting security contest entries or nominations for the FISSEA Educator of the Year award. Details are on our webpage.

Submission Form for Proposed Presentation

FISSEA 2016 Conference

Please Note: FISSEA is seeking speaker presentations (i.e., not papers). If you submit a proposal, we will assume that you will be available to present on **March 15th or 16th**. Generally, topic sessions, including Q&A, are 25 minutes, while panel discussions are 50 minutes. Pecha Kucha means “chit chat” in Japanese. We use the term to describe a session that contains a series of rapid-paced slides (20 slides are shown for 20 seconds each for a total of 6 minutes, 40 seconds.)

[Note: Please submit a separate form if you would like to submit more than one presentation.]
