

23rd National Information Systems Security Conference

Conference Committee	i
Table of Contents	ii

Refereed Papers

Next Generation Intrusion Detection: Autonomous ReinforcementFile Size: 90 K
Learning of Network Attacks

James Cannady, *Georgia Institute of Technology*

Fuzzy Data Mining and Genetic Algorithms Applied to Intrusion DetectionFile Size: 113 K
Susan M. Bridges & Rayford B. Vaughn, *Mississippi State University*

Slides: File Size: 2 M (may take a while to open).....Zipped file 558 K

Multiple Self-Organizing Maps for Intrusion DetectionFile Size: 59 K
Brandon Craig Rhodes, James A. Mahaffey, & James D. Cannady,
Georgia Institute of Technology

The Curse of Service: Civil Liability for Computer Security ProfessionalsFile Size: 67 K
Arthur J. Wylene, *New College of California, School of Law*

Best Security Practices: An OverviewFile Size: 68 K
Guy King, *Computer Sciences Corporation*

Slides: File Size: 131 K

Visualizing Risks: Icons for Information Attack ScenariosFile Size: 234 K
Hilary H. Hosmer, *Data Security, Inc.*

Push Architectures for User Role Assignment.....File Size: 183 K
Venkata Bhamidipati & Ravi Sandhu, *George Mason University*

A Role-Based Delegation Model and Some ExtensionsFile Size: 38 K
Ezedin Barka & Ravi Sandhu, *George Mason University*

Slides: File Size: 43 K

Generalized Role-Based Access Control for Securing Future Applications.....File Size: 94 K
Michael J. Covington, Matthew J. Moyer, & Mustaque Ahamad,
Georgia Institute of Technology

Antivirus Software Testing for the New Millenium.....File Size: 52 K
Sarah Gordon, *IBM Thomas J. Watson Research Center*
Fraser Howard, *Virus Bulletin*

The Evolving Virus ThreatFile Size: 45 K
Carey Nachenberg, *Symantec Corporation*

The Cracker Patch Choice: An Analysis of *Post Hoc* Security TechniquesFile Size: 62 K
Crispin Cowan, Heather Hinton, Calton Pu, & Jonathan Walpole,
WireX Communications, Inc.

Penetration Analysis of a XEROX Docucenter DC 230ST:File Size: 52 K
Assessing the Security of a Multi-purpose Office Machine
Thomas E. Daniels, Benjamin A. Kuperman, & Eugene H. Spafford,
Purdue University

Using B Method to Formalize the Java Card Runtime Security Policy for.....File Size: 262 K
a Common Criteria Evaluation
Stéphanie Motré & Corinne Téri, *Gemplus*

Analysis of Terminal Server Architectures for Thin Clients in a High Assurance Network....File Size: 56 K
Steven R. Balmer & Cynthia E. Irvine, *Naval Postgraduate School*

Thoughts and Questions on Common Criteria EvaluationsFile Size: 25 K
Kenneth G. Olthoff, *National Security Agency*

The Open Platform Protection Profile (OP3) Taking the Common Criteria to.....File Size: 63 K
the Outer Limits
Marc Kekicheff & Forough Kashef, *Visa International Services Association*
David Brewer, *Gamma Secure Systems Limited*

Slides: File Size: 271 K

A Taxonomy of Organisational Security Policies.....File Size: 28 K
Gary W. Smith & Richard B. Newton,
Science Applications International Corporation

Business Process Driven Framework for defining an Access Control Service.....File Size: 63 K
based on Roles and Rules
Ramaswamy Chandramouli, *National Institute of Standards and Technology*

Slides: File Size: 90 K

An Efficient Secure Authenticated Group Key Exchange Algorithm for Large.....File Size: 201 K
and Dynamic Groups
Jim Alves-Foss, *University of Idaho*

Trust Relations in a Digital Signature System Based on a Smart Card.....File Size: 48 K
Jean-Luc Giraud & Ludovic Rousseau, *Gemplus*

Trends in Government Endorsed Security Product Evaluations.....File Size: 66 K
Richard E. Smith, *Secure Computing Corporation*

Corporate Vital Defense Strategy: A framework for Information AssuranceFile Size: 35 K
Bel G. Raggad, Ph.D., *Pace University*

Slides: File Size: 37 K

Rethinking Department of Defense Public Key InfrastructureFile Size: 45 K
Jason X. Hackerson

A Query Facility for Common Intrusion Detection Framework.....File Size: 206 K
Peng Ning, X. Sean Wang, & Sushil Jajodia, *George Mason University*

Controlling Primary And Secondary Access To Digital InformationFile Size: 62 K
Marshall D. Abrams, *The MITRE Corporation*
Paul B. Schneck, *MRJ Technology Solutions*

Privilege Management of Mobile Agents.....File Size: 80 K
Wayne Jansen & Tom Karygiannis, *National Institute of Standards and Technology*

Towards XML As A Secure Intelligent Agent Communication LanguageFile Size: 66 K
Alexander D. Korzyk, Sr., *Virginia Commonwealth University*

Slides: File Size: 103 K

Database Security 2000File Size: 15 K
John R. Campbell, *National Security Agency*

An Operating System Analog to the Perl Data Tainting FunctionalityFile Size: 70 K
Dana Madsen, *University of Maryland College Park*

Slides: File Size: 51 K

Towards the Formal Modeling of a Secure Operating System.....File Size: 105 K
Dan Zhou, *Florida Atlantic University*

Policy-Enhanced LinuxFile Size: 54 K
Paul C. Clark, *Naval Postgraduate School*

Slides: File Size: 264 K

The Competitive Intelligence and National Security Threat from Website Job Listings.....File Size: 42 K
Jay D. Krasnow, *Georgetown University*

Slides: File Size: 208 K

The Case for Beneficial Computer Viruses and Worms - A Student's Perspective.....File Size: 31 K
Mr. Greg Moorer, *Mississippi State University*

Slides: File Size: 42 K

Subliminal Traceroute in TCP/IP.....File Size: 65 K
Thomas E. Daniels & Eugene H. Spafford, *Purdue University*

Presentations

Monday, 16 October, 8:30

Killer apps - and YOU're the dead meatFile Size: 8K
G. Mark Hardy, *Guardent, Inc.*

Computer Security From the Trojan War to NowFile Size: 6K
Charles P. Pfleeger, *Exodus Communications*

Slides: File Size: 3M (will take a while to open)zipped file: 3,039K

Monday, 16 October, 1:30

Future of Information Security.....File Size: 8K
G. Mark Hardy, *Guardent Inc.*
Jeff Moss, *DEF CON Communications*
Winn Schwartau, *Interpact Associates*
Peter Shipley, *KPMG Peat Marwick LLC*
Ira Winkler, *Information Security Advisors Group*

AES and Beyond.....File Size: 8K
Elaine Barker, *National Institute of Standards and Technology*
Jim Foti, *National Institute of Standards and Technology*
Bill, Burr, *National Institute of Standards and Technology*

The Secret and Below Interoperability (SABI) ProcessFile Size: 9K
Continuing the Discovery of Community Risk
Mark Loepker, *National Security Agency*
Curtis Dukes, *National Security Agency*
Charles Schreiner, *National Security Agency*
Willard Unkenholz, *National Security Agency*
Corky Parks, *National Security Agency*
Dallas Pearson, *National Security Agency*
Warner Brake, *Defense Information Systems Agency*

Effective Risk AnalysisFile Size: 14K
Thomas Peltier, *CISSP, Netigy*

Slides: File Size: 320K

The Systems Security Engineering Capability Maturity ModelFile Size: 6K
Karen Ferraiolo, *Arca Systems, An Exodus Communications Company*

Slides: File Size: 334K

Themes and Highlights of the New Security Paradigms Workshop 2000File Size: 107K
Chair: Steven J. Greenwald

Conduit Cascades and Secure SynchronizationFile Size: 193K
Simon N. Foley, *University College, Cork, Ireland*

An Argument for Quality of Security Service.....File Size: 43K
Cynthia Irvine, *Naval Postgraduate School*
Timothy Levin, *Anteon Corporation*

Multilateral Security — Why and How?.....File Size: 186K
Kai Rannenber, *Microsoft Research, Cambridge, UK*

Disarming Offense to Facilitate Defense.....File Size: 132K
D. Bruschi & E. Rosti, *Università degli Studi di Milano*

Evaluation Scope: Does One Size fit all? European Viewpoints.....522
David Hodges, John Doody, *CESG*
Ian Bryant, *MOD*

State of Key Recovery Government and Industry524
Santosh Chokani, *CygnaCom Solutions*
Donna Dodson, *Social Security Administration*
Diane Dunshee, *National Security Agency*

Monday, 16 October, 3:30

Department of Defense (DoD) Wide Information Assurance Program (DIAP):.....File Size: 25K
Current Initiatives

Captain J. Katharine Burton, *USN*
Terry Bartlett, *DIAP*
George Bieber, *DISA*
Jim Christy, *DIAP*

The National Security Agency's Use of the Systems Security Engineering.....File Size: 11K
Capability Maturity Model (SSE-CMM)

Ms. Mary D. Schanken, *National Security Agency*
Mr. Paul W. Boudra, *National Security Agency*
Mr. Charles G. Menk III, *National Security Agency*

Security and Source-Available Systems: Risks and OpportunitiesFile Size: 9K

Peter G. Neumann, *SRI International*
Dr. Crispin Cowan, *WireX Communications, Inc.*
Eric Raymond, *Open Source*

Tuesday, 17 October, 8:30

Certified vs SecureFile Size: 11K

Jon David, *Lehman Brothers*
Sarah Gordon, *IBM*
Tim Polk, *National Institute of Standards and Technology*
Dan Woolley, *Global Integrity Corporation*
Fred Kolbrener, *Xacta Corporation*

Achieving Global Trust in an e-WorldFile Size: 50K

Richard G. Wilsher, *the Zygma partnership, GB*
Caelen King, *Baltimore Technologies plc., IE*
Helmut Kurth, *atsec GmbH, DE*

Slides: File Size: 491K

The Meaning of Trust on the Internet.....542

Michael S. Baum, *VeriSign inc., US*

Progress of the Best Security Practices SubcommitteeFile Size: 11K
James F. Craft, *U.S. Agency for International Development*
Marianne Swanson, *National Institute of Standards and Technology*
Mary Schanken, *National Security Agency*
Marty Poch, *Environmental Protection Agency*
Michael T. Hovey, *Computer Sciences Corporation*

Preparing for Intrusion DetectionFile Size: 13K
Thomas Peltier, CISSP, *Netigy*

Slides: File Size: 490K

Information Assurance for UK Government.....File Size: 16K
John Doody *CESG*

Slides: File Size: 2M (will take a while to open).....Zipped file size: 938K

Connecting the Civil Service College to the Government Secure Intranet.....566
Roger Griffin, *CMPS*
BS7799: The British Standard for Information Security Management Application
Within DETR567
Terry Wells, *DETR*
UK Home Office – From Government Secure Intranet (GSI) to BS 7799568
John Laskey, *Home Office*
Shared Environments Between The Ministry of Defence and Its Partners.....569
John Peters, *MOD*

Security and Quality of Service Interactions.....File Size: 16K
Susan Hinrichs, *Cisco Systems, Inc.*

Can Network QoS and Security Live in Symbiosis?.....584
Klara Narhstedt, *University of Illinois*

Security and Quality of Service Interactions585
John McHugh, *CERT Coordination Center*

Security and Quality of Service Management586
Partha Bhattacharya, *Cisco Systems, Inc.*

CC Toolbox™, CC Profile Knowledge Base™ - The Current Status and a TutorialFile Size: 4K
Ed Steeble, *National Security Agency*
Gary Grainger, *Mitretek Systems*

Tuesday, 17 October, 10:30

PKI - Sham or Salvation?File Size: 17K

Jon David, *Lehman Brothers*

Padgett Peterson, *Lockheed-Martin*

Tim Polk, *National Institute of Standards and Technology*

Fred Cohen, *Sandia National Laboratories*

50 Ways to Defeat your PKI and Other Cryptosystems591

Fred Cohen, *Sandia National Laboratories*

Guideline for Implementing Cryptography in the Federal GovernmentFile Size: 8K

Annabelle Lee, *National Institute of Standards and Technology*

Critical Infrastructure Protection for Chief Information Officers or CIP for CIOsFile Size: 10K

John C. Davis, *Mitretek*

John Gilligan, *U. S. Department of Energy*

Col John E. Whiteford, USAF, *National Security Agency*

Privacy in the Information Age597

Blaine Burnham, *Georgia Tech Information Security Center*

Security in Business-to-Business e-commerceFile Size: 6K

Jeremy Epstein, *webMethods*

Igor Balabine, *Netfish*

David Burdett, *CommerceOne*

Frank Jaffe, *Clareon*

The OM-AM Framework and Role-Based Access ControlFile Size: 8K

Ravi S. Sandhu, *George Mason University*

Slides: 1M (will take a while to open).....Zipped file size: 241K

Innovative Uses of the Common CriteriaFile Size: 9K

Terry Losonsky, *NIAP*

Jack Sherwood, *SPAWAR USN*

John Mildner, *SPAWAR USN*

Peter Sargent, *COACT Inc.*

Tuesday, 17 October, 1:30

Federal Bridge Certification Authority.....614
Richard A. Guida, Chair, *Federal PKI Steering Group*

Incident Response - Stopping Them Dead in Their Tracks.....File Size: 14K
Jon David, *Lehman Brothers*
Robert Stone, *UUNET Technologies*
Jim Duncan, *Cisco*
Bill Hancock, *Exodus Communications*
Richard Reybok, *Merrill Lynch*

Best Security Practices: Lowering Quality's Total Cost of Ownership in an Age of626
Growing Complexity
James P. Craft, CISSP, *United States Agency for International Development*
Tom Burke, *General Services Administration*
Jack L. Brock, Jr., *General Accounting Office*
Guy L. Copeland, *Computer Sciences Corporation*
Robert E. Giovagnoni, *Infrastructure Defense, Inc.*

Best Security Practices: Lowering Quality's Total Cost of Ownership in.....File Size: 22K
an Age of Growing Complexity
James P. Craft, CISSP, *United States Agency for International Development*

Operational Computer Forensics - the New Frontier.....File Size: 8K
Michael J. Corby, CCP, CISSP, *Netigy Corporation*

Slides: File Size: 834K

Protection of B2B Exchanges and Vendor OperationsFile Size: 9K
Charlie Baggett, *Risk Management Associates, Inc.*
Tim Ehram, *Oracle Corporation*

Information Assurance Metrics: Prophecy, Process, or Pipedream?.....File Size: 25K
Ronda R. Henning, *Harris Corporation*

Slides: File Size: 36K

Position Paper640
John McHugh, *Carnegie Mellon Center for Survivable Systems*

Position Paper641
John Michael Williams, *JMW Trading Company*

Position Paper642
Michael J. Skroch, *DARPA*

Slides: File Size: 8M (will take a while to open).....Zipped file size: 2,229K

The Common Criteria Structures: The Healthcare Response to Security Regulation.....File Size: 10K
Lewis Lorton, DDS, MSD, *Forum on Privacy & Security in Healthcare*
Lisa Gallagher, *Exodus Security Services*
Paul Zatychech, *EWA-Canada, Ltd.*
Leslie J. Spiece, *Medical College of Wisconsin*
Alan C. Brown, *Partner, McKenna & Cuneo*

Tuesday, 17 October, 3:30

Access Certificates for Electronic Services (ACES) - Enabling Government.....File Size: 24K
to Citizen Interaction via the Internet
Judith Spencer, *General Services Administration*
David Temoshok, *General Services Administration*
Stanley Choffrey, *General Services Administration*

Information Systems Survivability: Protecting Critical SystemsFile Size: 4K
Robert J. Ellison, *CERT Coordination Center, Software Engineering Institute*
Richard C. Linger, *CERT Coordination Center, Software Engineering Institute*

Issues in High Performance Computing Security657

High Performance Computing Security Research at Mississippi State UniversityFile Size: 71K
Rayford B. Vaughn, Jr., *Mississippi State University*

Issues in High Performance Computing Security660
Yvo Desmedt, *Florida State University*

Security in Depth661
Jesse Pollard, *Stennis Space Center*

Slides: File Size: 1M (will take a while to open).....Zipped file size: 457K

Security in a Computational Grid Environment664
Douglas Engert, *Argonne National Laboratory*

Slides: File Size: 86K

Enterprise Security Infrastructure: A Managed Approach.....669
Dr. J. Greg Hanson, *Telos Corporation*

The Healthcare Vertical Turns its Eyes on SecurityFile Size: 6K
The Impact of HIPAA and other legislation on Security Engineering
Lisa Gallagher, *Exodus Security Services*

Slides: File Size: 770K

Wednesday, 18 October, 8:30

Your Always-On Connection & the TelecommuterFile Size: 11K
Peter Dinsmore, *NAI Labs*,
Michael StJohns, *Excite@Home*

Distributed Denial of Service Attacks - Can We Survive This New Threat?File Size: 14K
Jon David, *Lehman Brothers*
Steve Bellovin, *AT&T Labs Research*
Bill Cheswick, *Lucent Technologies*
Paul Ferguson, *Cisco*

A "Hands-On" Approach of Building a Security Program.....684
Bill Hadesty, USDA

Single Sign-on: Myth or RealityFile Size: 13K
Thomas Peltier, CISSP, *Netigy*

Slides: File Size: 562K

Guerilla Security: The Martial Art of InfoscurityFile Size: 1M or zipped file: 1,032K
Andrew T. Robinson, *net/main infoSecurity Solutions*

Information Security Research and Development in AcademiaFile Size: 19K
Dr. Susan M. Bridges, *Mississippi State University*
Dr. Blaine W. Burnham, *Georgia Tech*
Dr. Dipankar Dasgupta, *The University of Memphis*
Dr. James A. Davis, *Iowa State University*
Dr. Cynthia Irvine, *Naval Postgraduate School*

Understanding FIPS 140-2 ValidationFile Size: 19K
John Morris, *Corsec Security Inc.*

Slides: File Size: 164K

Wednesday, 18 October, 10:30

Security for High-Speed InternetsFile Size: 13K
Jeff Ingle, *Community Management Staff*
Chris Kubic, *National Security Agency*

How Can We Prevent Denials of Service?File Size: 15K
Peter G. Neumann, *SRI International*
Steve Bellovin, *AT&T Labs*
Virgil Gligor, *University of Maryland*
J.F. Mergen, *Genuity*
Marv Schaefer, *ARCA*

Working On A Shoestring- Security solutions in the shadow of limited fundsFile Size: 9K
David Jarrell, *Federal Computer Incident Response Capability (FedCIRC)*
Steve Lipner, *Microsoft Security Response Center*
Shawn Hernan, *Vulnerability Handling, CERT Coordination Center (CERT/CC)*
Kenneth Ammon, *Network Security Technologies, Inc.*

Biometrics – Understanding the Architecture, API’s, Encryption and.....File Size: 6K
Authentication Security for Integration into Existing Systems & Applications Speaker
William H. Saito, *I/O Software*

Slides: File Size: 922K

An Introduction to Consequence-Based Risk AssessmentFile Size: 4K
George Jelen, *G-J Consulting*

Information Security Laboratories in the Academic Setting, A Panel Discussion.....739
Willis Marti, *TAMU*
Deborah Frincke, *ISU*

A Protection Profile for FIPS 140-2, Lessons Learned.....File Size: 9K
Miles Smid, *CygnaCom Solutions*
Jean Petty, *CygnaCom Solutions*
Shari Galitzer, *CygnaCom Solutions*
Ray Snouffer, *National Institute of Standards and Technology*

Wednesday, 18 October, 1:30

DNS Security Ready for Prime TimeFile Size: 6K
Olafur Gudmundsson, *NAI Labs*
Edward P. Lewis, *NAI Labs*
David Conrad, *ISC*
John Nguyen, *DISA*

Slides: File Size: 240K

Black Hat - White Hat.....File Size: 14K
G. Mark Hardy, *Guardent, Inc.*
Mark Fabro, *Guardent, Inc.*
Ray Kaplan, *Guardent, Inc.*
Black Hat One, *(name and organization withheld)*
Black Hat Two, *(name and organization withheld)*

Cybersecurity in the Year 2000: Not Just for Systems Administrators AnymoreFile Size: 29K
Richard Shullaw, *Department of Health and Human Services*
Danny Markley, *Department of Health and Human Services*
Robyn Large, *The Center for Support of Families*
Marianne Swanson, *National Institute of Standards and Technology*

Information Security Year in Review--Technical VulnerabilitiesFile Size: 7K
David Kennedy CISSP, *ICSA, Inc.* (*go to next page for link for presentation*)

Information Security Year in Review (cont. from previous page).....File Size: 7K
Slides: File Size: 2M (will take a while to open).....Zipped file size: 1,450K

Innovations in Biometric Authentication TechnologiesFile Size: 8K
Jeff Dunn, *National Security Agency*
Fernando Podio, *National Institute of Standards and Technology*
Cathy Tilton, *SAFLINK*

Testing of Cryptographic Modules Against FIPS 140-2File Size: 18K
Nelson Hastings, *National Institute of Standards and Technology*
Annabelle Lee, *National Institute of Standards and Technology*
Ray Snouffer, *National Institute of Standards and Technology*

SNMPv3 with Security and AdministrationFile Size: 4K
Dr. Jeffrey D. Case, *SNMP Research Inc.*

Recent Trends in HackingFile Size: 8K
Peter Mell, *National Institute of Standards and Technology*
Tom Longstaff, *CERT*
Jeff Moss, *CISSP, DEF CON*
Andy Balinsky, *Cisco*

Professional Certification of Information Security Professionals.....File Size: 7K
Lynn McNulty, *CISSP, RSA Security*
James Wade, *CISSP, Air Touch Cellular*
William Murray, *CISSP, Deloitte & Touche*
Shirley Malia, *Critical Infrastructure Assurance Office*
John Colley, *CISSP, ICL-UK*

RSA Digital Signature Standards.....File Size: 4K
Burt Kaliski, *RSA Laboratories*

Slides: File Size: 214K

Information Security Year in Review—Computer Crime.....File Size: 4K
M. E. Kabay, PhD, *CISSP, ADARIO, Inc.*

Certificates in the Internet: State, Issues, and Futures.....File Size: 5K
Andrew Nash, *RSA Security, Inc.*

Slides: File Size: 1M (will take a while to open).....Zipped file size: 223K

The Cryptographic Module Validation Program: FIPS 140-2 ...The Next Generation.....File Size: 18K
Annabelle Lee, *National Institute of Standards and Technology*
Ray Snouffer, *National Institute of Standards and Technology*
Tom Casar, *Communications Security Establishment, Canada*

Multi-level Security (MLS) and Its Evolution to Date.....File Size: 16K
G.R. “Greg” Clingan, *CISSP, Impact Innovations Group, LLC*
Christian Cooke, *CISSP, Impact Innovations Group LLC*
Thomas Bess, *Impact Innovations Group, LLC*

Tracking the Virus Writer - The Legal Ramifications.....File Size: 12K
Christine M. Orshesky, *i-secure Corporation*
Chengi “Jimmy” Kuo, *Network Associates Inc.*

Information Assurance Technologies: 10 Years Past, Present and Future.....File Size: 16K
Jack Murphy, *Electronic Data Systems*
Gary Moore, *Entrust*
Dr. Tom Haigh, *Secure Computing Corp.*
Robert Giovagnoni, *iDEFENSE*
Ronda Henning, *Harris*

Collusion Detection Las Vegas StyleFile Size: 4K
Jeff Jonas, *Systems Research & Development*

Slides: File Size: 9M (will take a while to open).....Zipped file size: 4,011K

Smart Card Security Users Group PP & Projects828
Kenneth R. Ayer, Ph.D, *Visa International*
Dr. Douglas McGovern, *RMCTI*
Fernando Lourenco, *Europay International*
Marc Kekicheff, *Visa International*

Incident Response Fundamentals.....File Size: 6K
Eric Winterton, *Exodus Security Services*

Slides: File Size: 378K

Secure X.500 Border Directory Proxy Server.....File Size: 101K
K.M. Goertzel, *Wang Government Services, Inc.*

Slides: File Size: 137K

Scorecard for Authentication Technologies.....File Size: 4K
Dow Williamson, *RSA Security*

Slides: File Size: 4M (will take a while to open).....Zipped file size: 3K
