

NIST Workshop – Privilege Management

Track 4: Policies and Requirements

Arthur R. Friedman
Senior Strategist for Privilege
Management
Office of the CIO
Department of Defense

Deborah Gallagher
Enterprise Architecture
Office of the CIO
Department of Homeland Security

Goals and Objectives

Identify community requirements and desired operational capabilities for applications supporting both Federal Government and commercial systems. This track will also **identify opportunities for evolving Policy expression and compliance** with the Federal Information Security Management Act (FISMA), the Health Insurance Portability and Accountability Act (HIPAA), and Sarbanes Oxley (SOX) standards. **Gaps in existing policies will be identified and a recommended "way ahead" will be documented.**
