

## **BIOGRAPHICAL SKETCH**

### **Sallie McDonald**

**Sallie McDonald is the Assistant Commissioner for the Office of Information Assurance and Critical Infrastructure Protection in the Federal Technology Service in the General Services Administration (GSA). She was appointed to this Senior Executive position in December 2000. She has been in GSA's Information Assurance (previously Information Security) office for the past three years where she spearheaded programs such as Safeguard, Access Certificates for Electronic Services (ACES) and Critical Infrastructure Protection (CIP) activities. She also coordinated the GSA support to the Y2K Information Coordination Center to include the space layout and technology support.**

**Ms. McDonald has worked for the GSA for the past 23 years. She began her career in the telecommunications area where she served in a variety of technical and support positions. She coordinated all customer activities during the implementation of the Washington Interagency Telecommunications System and FTS 2000.**

**Ms. McDonald attend the University of Miami and received a Master of Public Administration from American University. She lives in Washington, DC.**
