September 1, 2009

Track 1 Goals

- Gather input on terms and definitions needed for Privilege Management

- Gather input on applicable standards and gaps that should be filled

Track 1 Agenda

- Day 1: Standard Definitions
- Day 2: Applicable Standards (and Gaps)

Development Approach

- Start with Glossary of Terms from DOD & IC Authorization & Attributes Tiger Team (AATT)
  - AATT focused on achieving Attribute Based Access Control (ABAC)
- Add some terms specific to Privilege Management
  - Adopt existing definition if possible
  - If not, make an approximate definition
  - Work out the details by email or in a later meeting
- Discuss existing and needed standards for Privilege Management
