

Native Intelligence, Inc.

- **Name: K Rudolph, CISSP**
- **Organization: Native Intelligence, Inc.**
- **Email: kaie@nativeintelligence.com**
- **Type of entry: *Trinket***
- **Title of Entry: Awareness Fortune Cookies**
- **Description of Entry: To introduce a new security officer to the staff at a location of less than 300, we recommend buying fortune cookies. Using gloves and tweezers, remove the original fortunes and insert your own security-related fortunes. The security officer tours the facility meeting the end users and handing out security fortunes. We learned this trick from Richard Heron in Australia.**
