Name of submitter:	Jane Moser	
Organization:	Service Canada	
J .	er, website, newsletter, m l exercise/scenario):	otivational item and/or
Poster		
Title of Entry:		
Creating Stro	ng Passwords	

## **Description of Entry:**

In support of our IT Security Awareness Program, Service Canada develops and produces 3 or 4 motivational posters each year. These colorful 11" x 17" posters have been a hit with employees and form an integral part of our ongoing program which provides learning using various media. This version is aimed at addressing one of our performance metrics which is reducing the number of password resets requested. We not only teach the components that make up a strong password but also tips and tricks to help you remember them! It should be noted that the development of these posters is done using "in house" talent and is not contracted out.

## Strong Passwords + Easy to Remember =
